JULY 2016

Marulan | Tallong | Bungonia | Towrang

Some highlights from this issue:

After the latest gossip and info from our friends at the Marulan CWA, STRUG and Chamber of Commerce? Head on over to the local news pages.

Catch up on local and regional news, views and "so true's" in our regular Local News and Regional News sections.

The Travelling Gourmet: Take a culinary trip with our incognito local gourmand as she (or he) searches for the ultimate regional hamburger.

Who, what, where and when: Keep up to date with the latest events, news and "to do's" with our town's and region's Calendar of Events.

Discover Marulan is an initiative of the Marulan Region Chamber of Commerce Inc. It is a free service provided to members of our regional community to help discover news, events and items of interest. It is published every month.

You can contact the Editor of Discover Marulan via email at editor@discovermarulan.com.au. You can also keep up to date with news and events between issues by visiting our website at www.discovermarulan.com.au

A message from the Mayor

Marulan Reserves

Council has allocated \$50,000 for the upgrade of Marulan Reserves and sports fields over the next six months. We are planning the upgrade of the electricity supply at the sporting fields, but we are also interested in getting your feedback on what you believe is a priority for recreational space at Marulan. Please contact Rob Hughes at Council with your ideas by calling 4823 4444.

Upgrades at Marulan Waste Centre

We've recently built a new amenities building at the Marulan Waste Centre to give staff access to a kitchen, proper bathroom and working area. To bring power up the road to the building was estimated to cost \$100,000; Council investigated other solutions and settled on a fantastic solar power system, at a much lower cost of \$50,000.

The system uses cutting edge Lithium Ion batteries to store the power, and also includes an inverter and a generator for emergency backup supply. The solar panels have the capacity to generate 21Kw/H daily, and this will easily power the building – including air conditioning, computer systems and amenities. A security system has also been installed as part of the upgrade.

Hours at the facility have been changed to 8am-12pm Monday & Friday, and 8am-4pm Saturday and Sunday. The centre will be closed on public holidays, and closed between 12 noon and 12:30pm on opening days to allow the operator a lunch break.

The Goulburn Art Award 2016

The much-anticipated biennial Gallery event will open on Thursday the 7th of July with the announcement of winners at 6pm. This year we will have Susi Muddiman OAM, the Director of Tweed Regional Gallery & the Margaret Olley Art Centre as the judge.

The open prize is an exhibition at the Gallery in 2017, with \$400 towards the exhibition costs; all prizes are sponsored by Topshot Photographics and Prints. The works entered in the awards will then be on display until the 23rd of July – make sure you take the time to head down and have a look!

Gunlake Quarry proposal community consultation meeting

The Department of Planning and Environment held a public meeting at the Marulan Community Hall on Thursday 30th June. It provided the community a chance to share their views and feedback – I hope many of you reading this were able to attend.

The department will now be taking all submissions and consultation into account as they develop their recommendations for the proposal. More information about the proposals can be found on the Major Projects website at http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=7090

Wollondilly River Walkway

Construction of stage one of the Wollondilly River walkway is nearing completion, with many community members already taking advantage of the area to exercise, take a stroll with the family or walk their dogs.

The walkway is one of a number of key projects currently underway in the Goulburn Mulwaree region, and is aimed at promoting a healthy lifestyle, as well as unlocking the fantastic natural resource that is the Wollondilly River.

Work on stage one of the project began in March, beginning at Marsden Weir, just off Fitzroy Street. This section of the walkway will follow the river, linking with adjoining streets such as Albert, Prince and Gibson Streets, before reaching the Victoria Street Bridge. Also included in the first stage is a footbridge that will link with the other side of the river, meeting Leggett Park.

I went down for a look at the progress just last week, and was really impressed. It's also great to see the result of blackberry clearing and landscaping – it's really opened up the river to the community.

A message from the Mayor
continued...

NAIDOC Week Celebrations

The Goulburn Mulwaree Library and the Goulburn Regional Art Gallery are teaming up to celebrate NAIDOC Week on Friday the 8th of July.

Events will kick off at 10am with a Welcome to Country with Councillor Alfie Walker in the Carolyn Chisholm Courtyard at the Civic Centre. From 10 am – 12 noon there will be music and art activities celebrating Aboriginal Culture in the Art Gallery with Peter Swain – this will cost \$18 per person.

Storytime and craft will occur with Alfie Walker from 10:30 am-11:30 am at the Library, before a Bush tucker workshop in the Children's Room of the Library with Narelle Harp from 12pm – 1pm.

A BBQ lunch with live didgeridoo music by Peter Swain will be provided by Rotary and the Library from 1-2pm in the Carolyn Chisholm Courtyard. Finally the day will be capped off with a workshop on Tracing Indigenous Ancestors from 2:30-3:30pm in the Library with Shannon Sutton.

Bookings are essential for all workshops and activities; please contact the Library on 02 4823 4435, or the Art Gallery on 4823 4494

THE MARULAN BOOK EXCHANGE

The next Marulan Book Exchange is on Saturday 11th June 2016 between 9am and 1pm at the Marulan Memorial Hall.

www.facebook.com/discovermarulan

Marulan Region Chamber of Commerce

Discover Marulan Newsletter

This is the fifth Chamber Bulletin in the new "Discover Marulan" Newsletter that is continuing to be a great success and continues to expand to inform the readership of happenings in their areas. We are also delighted to have more local news to report.

It's been a busy month for both the Chamber and other organisations in the village.

Historical Society Resource Centre

The opening of the Historical Society's Resource Centre is a credit all concerned and a wonderful legacy for the residents both present and past and we know it will be well utilized.

Marulan Kite Festival

Kite Festival is progressing well and will be bigger than ever. The Dinner Dance on the Saturday night before Kite Festival is a great opportunity for all to let their hair down and kick up their heels with the promise of great food and terrific music.

Heritage and Sustainability Parkland

The Heritage Centre and Sustainability Park took another giant step to becoming reality after a presentation to Council. Councillor Andrew Banfield has been added to the HASP Committee and the offer from Council to make available qualified staff to help and advise will hasten the process.

Grants for High School Students

It's an opportune time to remind everyone with high school aged children, grand children, nieces or nephews that grant monies are available through the three local high schools (Mulwaree High, Goulburn High & Trinity) for courses or certificates for students in years 10 to 12 to ready themselves for possible entry into the local quarries within our region.

The grants are made available by Boral, Holcim and Gunlake quarries. Students will need to talk with their careers advisors to discuss these avenues to employment.

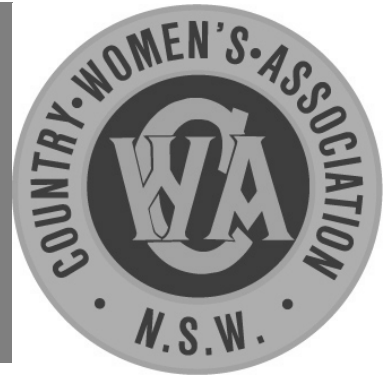

Remember joining the Chamber will help your business and advance the village.

David Humphreys

President

Marulan Region Chamber of Commerce Inc.

Country Women's Association Marulan

Hello All!

Each CWA meeting is different, however we follow our traditions:

- We meet each other,
- Have craft in the morning,
- Then a lovely lunch.

Our monthly meeting then follows lunch where we discuss our previous month and plans for the next.

The beauty of these meetings is that people become good friends.

Every time when our CWA ladies share a lovely lunch it feels like visiting old friends - tasty food, nice people and interesting conversations and chats. Nereida and Joy made our last lovely lunch, thank you ladies!

Some of our CWA ladies are also active members of the Marulan Historical society. At the recent opening of the Marulan Archive and Research Centre there was no doubt that the CWA ladies were going to contribute. The event was a big success and we were happy to be a part of it.

We are also happy to say a big "Thank You" to Marulan Public School for their support. The CWA provides the kids with a nutritional lunch for only \$5.00 each week.

Our next meeting will be held on Wednesday, 13th July 2016 and new members are always welcome. The meeting for July will be our special "Christmas in July" event with lots of fun planned. So come along and enjoy!

Meanwhile, should you have a function coming up and would you like some help with catering, we would be happy to provide for your function with finger food, cakes and drinks. You can contact Sue Montgomery via phone at 02 48410288, please allow one week's notice as a guide. Also, please feel free to like our page "CWA Marulan Branch" on Facebook or visit the web site cwamarulan.org

This article compiled by Mila Lukashenko, CWA Marulan Publicity Officer.

Marulan Public School

GCOPS Concert

Our Senior Choir attended their second GCOPS choir rehearsal in early June. It was a fantastic rehearsal and the children thoroughly enjoyed the opportunity to rehearse with a live band from Crookwell High School. They should be commended for their wonderful singing representation our school with such enthusiasm. Our GCOPS concert will take place next term on Tuesday August 3, as part of our Education week celebrations. A note has been sent home for all Junior and Senior Dance Group members. All GCOPS combined choir T-shirts will be given out to participating students next term. Ticket sales will also commence for our concert evening early in Term 3.

Gymnastics

This term our Sports Program will be Gymnastics. Gymnastics is a compulsory strand of our Personal Development and Health Physical Education Syllabus and must be provided by trained instructors. Vaughan from Cheer Fusion Goulburn will provide the training and all equipment for these fantastic lessons. We look forward to commencing our Gymnastics program this term.

P&C Movie Night

All enjoyed the well-attended end of term movie night on Wednesday 29th June. Thank you to those parents who helped with making popcorn for the night.

P&C Election Breakfast

P&C would like to ask assistance in cooking and selling egg and bacon rolls on July 2nd at the Marulan Memorial Hall from 7.30 am to 10 am. If you can help out, please contact the school on 4841 1573.

School Holidays

MPS students and staff will be on holidays from 2nd July to Monday 18th July. Term 3 commences on Tuesday 19th July as we have a staff development day scheduled for Monday 18th July.

Dinosaur Museum Excursion

Earlier in June the K-2 students had a fantastic day in Canberra. Although it's hard to compete with the "acorn park" for highlights, the students loved the Dinosaur Museum. The teachers and staff of the museum were very impressed with the students' dinosaur knowledge and great questions. Many thanks to Miss Tickner for organising this fantastic experience and thank you to our wonderful students whom represented MPS with exceptional behaviour.

Marulan Progress Association News

At this time the main focus of the Progress Association is the completion of the Meridian Arch. It was built with the help of a Centenary of Federation grant in 2001, with the Association providing more than \$9,000 towards its erection.

Tallong Sculptor Sebastian Meijbaum's design won but it was always his dream to complete a mosaic of the world on the floor of the arch. Sadly Sebastian passed away before it could be completed.

Now with the help of \$2,000 from Holcim and with a donation from Sebastian's family as well as all of the Associations savings we hope to have the \$12,600 needed to complete the mosaic by the end of this year.

Another project we have been working with Goulburn Mulwaree Council is to have a bus shelter installed at Marulan Railway Station. Many people including the elderly and young parents with toddlers use the railway bus each day to go shopping in Goulburn.

As there is no place for customers to sit or have shelter whilst waiting outside the station. The Progress Association received many requests to do something about it and now GMC has advised that it will provide the seat shortly.

Marulan & District Progress Association is first mentioned as working for the community in 1880 when members of the community requested a meeting with residents asking for improvements to Marulan Public School.

Lorna Parr has written a history of the Association from 1880 to 2015 and she says that it can sometimes be frustrating as proposals are made and letters are written but there often are not any replies to the requests recorded.

The membership seems to fluctuate according to the pressing needs of the community at certain times. Some of the most memorable of these being:

- The fight to obtain a doctor for Marulan after the 2nd World War.
- When in 1980 DMR were proposing to bypass Marulan and had only allowed one entry (this meant that all traffic from the south would have had to travel to Tallong turnoff, do a "U" turn and come back over the bridge). Membership rose to over 50 members. We even had a "fighting" fund and employed a barrister.
- Other were the Tony Onions Park, water supply for Marulan electricity, obtaining Housing Commission homes, Meridian Park, closing of railway crossing and the closing of the Southern entrance across the Highway.

Now the Association works with the community for better roads, footpaths and improvements in parks, etc. We also run "Light up Marulan" at Christmas time.

This article compiled by Maureen Eddy, Honorable Secretary.

Marulan News

The official date for Local Government elections has been set for Saturday 10th September 2016. If you are interested in standing for council you are invited to attend the briefing session for those interested in becoming a councillor. The information session will be held at the Goulburn Mulwaree Council Chambers on Monday 18th July 5.30 pm.

Light sandwiches, tea and coffee will be provided. If you are considering running for Council and wish to attend the workshop please phone Maria Timothy on 4823 4467. Please RSVP by Monday 11th July to register.

Those of you who travel regularly on the railway "bus" will be pleased to learn that within the next few weeks a shelter will be erected near the Railway Station.

Many thanks to the Goulburn Mulwaree Council and to the Marulan Progress Association who have been working towards this outcome for some time.

We have had many enquiries regarding the outcome of the nasty fall that Alice Vespignani had preventing her and Rino travelling to Italy. We are pleased to report that she is presently recuperating down the coast and should be fit enough to travel within the next few weeks.

Jean Onions is also recovering from a fall that has left her with her neck in a brace but she too is hoping to return home after a few weeks in rehabilitation.

We wish them both a speedy recovery, as both these ladies are long time residents of Marulan and much loved by those whom know them.

Those of us who lived in Marulan, and in particular George Street will remember well, how "grid-locked" our main street was especially on a Friday and Monday nights during the ski season. Sometimes for over a couple of hours or more. For most people the by-pass could not come soon enough although there were some who objected vigorously but soon came to appreciate the quiet, many houses literally vibrated as trucks passed through the street.

Since the by-pass, Marulan township has gone from strength to strength and now takes for granted out great lifestyle. We are about halfway between Sydney and Canberra with excellent freeways, very little unemployment thanks in part to the service centres and mines, etc. Our kids have the opportunity to attend great schools and if you are feeling lonely there are many clubs, associations and committees to join. Marulan is a great lifestyle village.

Valmar Community Transport runs a bus service to Goulburn each Friday. It leaves Marulan at 9 am and leaves Goulburn on the return journey at 2 pm.

This is an excellent service as residents are picked up from their home and returned to their home address each Friday. If you wish to make use of this service please call the Valmar office on 4821 2922 and put your name down. Having used this service I can assure you that the drivers are most obliging and helpful.

TALLONG COMMUNITY FOCUS GROUP INC

Marulan Lions Club

In one of the largest single philanthropic gifts for children's cancer in Australia, Lions Clubs International (LCIF) and the Australian Lions Childhood Cancer Research Foundation (ALCCRF) will contribute \$3.2 million - with an ALCCRF commitment to raise an additional \$0.8 million over the next three years.

Our mammoth donation will allow hundreds of Aussie kids with cancer to access new genome sequencing technologies pioneered by the "Garvin Institute of Medical Research" that could guide their treatment and save lives.

The Lions Kids genome project, an important new component of the "Zero Childhood Cancer" program for diagnosis and treatment of Childhood cancer was announced at the Lions Convention in Echuca last month. Cancer is the most common cause of disease related deaths in Australian Children Every year more than 950 children and adolescents are diagnosed with cancer and nearly three die each week. This project is a collaborative partnership between the 'Zero Childhood cancer Program, led by the Children's Cancer Institute and the Kids Cancer Centre in the Sydney Children's hospital, Randwick and the Garvin Institute of Medical research.

This is one of many projects the Lions Club of Marulan & District is involved with and of course we are always on the lookout for prospective members to assist with our projects. So if you can spare a couple of hours each fortnight we would like to hear from you. For more information contact Marlene on 0408 213199 or email marulanlions@hotmail.com or write to the Lions Club of Marulan & District at PO Box 69, Marulan 2579.

Marulan Chi Kung

The Marulan Chi Kung group formed in April 2015 and has learnt three forms which is quite an achievement. An award certificate was presented to the group on Monday 6th June for training in the Guigen form.

The group will perform Chi Kung demonstrations at the Tony Onions Park during the Kite Festival. New members are always welcome. Come see us at the Marulan CWA Hall each Monday at 10 am.

Marulan & District Historical Society

Another chapter in the annals of the Marulan & District Historical Society was written on Sunday, May 29, when Dennis McManus officially opened the Archive Centre.

After months of collecting all our "stuff" from its hiding place, and working bees to sort and store it all, we were ready for an opening.

Over 100 people from the town and wider local district and further afield attended and the St Stephen's Church was packed with not even standing room left for president Russell Montgomery to open proceedings by welcoming everyone.

Russell gave an informative and interesting speech outlining some of the trials and tribulations of the Society and then welcomed Dennis McManus who, although not a local, remembered visiting many times to the house next door. Following a brief speech by Rosemary Turner enlarging on the history and the sheep fundraising scheme she runs on her property for the Society, she then unashamedly implored more generosity with support for the raffle held later – no hide, no Christmas Box!

The centre was then officially opened with the cutting of the ribbon, followed by the planting of three trees. The three trees were planted in memory of Willis Sieler, Archie Armitt and Lorna Parr all in honour of their dedication and service to the Society.

The crowd then adjourned to the Archive Rooms to view the display and slide show of the Marulan and neighbouring villages, followed by a typical afternoon tea.

The members of MDSH would like to thank everyone who helped us celebrate as well as those who have been so supportive with time, money and expertise over the years.

Bungonia Buzz

Polling location for Bungonia will be at the Bungonia Hall for Saturday 2nd July Federal Election. Voting will be held from 8 am through to 6 pm. Toilet facilities only. Refreshments won't be available this year.

Judy's Kitchen table will once again be offering guests scrumptious homemade food and beverages for \$5.00 per person. All monies raised go towards the Bungonia Hall Supper Room. Judy's Kitchen Table will be held on Wednesday 13th July from 10.30 am to 12 noon. Judy's Kitchen Table morning tea will be cut back from every second Wednesday of the month to just the second Wednesday of the month until further notice. All that cooking, together with other functions and commitments has been little too much for our old chooks that do all the cooking. So they are going to get some much needed "r & r" for a while.

The next meeting of the Bungonia Progress Association will be held on Monday 8th August, 7.30 pm at the Bungonia Hall.

Did you know that Bungonia was settled by Europeans in the early 1820's, little more than 30 years after Governor Phillip landed at Port Jackson? The village plan, drawn up in September 1832, replaced the earlier plans for a settlement at Inverary and included for a recreation area, schools, churches, a courthouse and other public facilities associated with a major centre.

MARULAN VOLUNTEERS

Who are we? We are a group of local residents trying to improve the appearance of our town.

Why do we do this? If our town looks appealing and cared for, this will attract visitors who will support our local businesses. It also makes it a better environment for us to live in as locals.

What do we do? Local council mows the town's parks and some of its nature strips, but doesn't have the resources to do much more than this. The volunteers supplement the work of council by regularly cutting the edges and whipper snipping the main street and parks. We also weed the gardens in the parks, and collect litter in areas around town. Other less frequent and one-off activities have included: refurbishing the grounds at the Brewer Centre; mulching the gardens in Meridian Park; repairing and painting roadside fences in the main street; and repairing and painting the fence & rotunda in Tony Onions Park.

How often do we do it? Generally speaking, the volunteers work for 2-3 hours on the first and third Monday (starting approximately 9.30am) of each month.

How can you help? If you have spare time and are available on Mondays, then we'd love you to join us. If this time isn't suitable but you'd like to help, then please contact: David Blissett: 0400 119 016; Ellie Eggerking 0406 376 717; John Redhead: 0439 411 922.

Volunteers receive a free cup of coffee on "Volunteer Mondays" at The Marulan General Store ([facebook.com/marulangeneralstore](https://www.facebook.com/marulangeneralstore)).

Tallong Twitterings

The Tallong Public School P&C will be holding a BBQ and Cake Stall at the Tallong Memorial Hall on Election Day, Saturday 2nd July 2016.

This has proved to be a successful fundraising day in the past and we are appreciative to be given the opportunity to do it again.

To assist in running this day the P&C are asking for parents and friends of TPS to help with cooking the BBQ, manning the cake stall and baking goods for sale on the day. If you are able to help please contact Chrissie on 0418 648 610.

Tallong will be holding its annual Bush Dance on Saturday 23rd July from 6.30 to 9.30 pm at the Tallong Memorial Hall. Numbers are limited, so get your tickets so you don't miss out on this great family night out.

The Tallong P&C along with Allens Training will be offering a First Aid Course on Sunday 24th July, 9.00 am to 4.00 pm at the Tallong Memorial Hall. Cost is \$140.00, which includes morning tea, lunch and afternoon tea. For more information and to book please contact Chrissy on 0418 648 610.

Tallong Community Focus Group

Interested in your Tallong community? Why not come along and see what the Tallong Community Focus Group is up to.

The Tallong Community Focus Group (TCFG) is a non-profit community organisation formed for the promotion of the Tallong District and the community that resides there.

TCFG meets monthly and is committed to serving the needs and interests of our local community.

For further information contact TCFG's Secretary, Ms Chrissie Wursten, email secretary@tallong.com.au.

Tallong Rural Fire Service

Another valuable local community group is the Tallong Rural Fire Bridge. TRF Bridge has been a significant part of the history and landscape of Tallong. Working closely with other agencies, the TRF responds to a range of emergencies including bushfires, structure fires, motor vehicle accidents and storms that occur within our rural fire district.

The NSW RFS is the world's largest volunteer fire service with over 72,000 members who provide fire and emergency services to more than 95% of NSW.

Interested in become a member? Contact the Tallong Rural Fire Service on 4841 0048 or email trfb@tpg.com.au.

Do you have some local community news to share? We'd love to hear about it. Contact the Editor at editor@discovermarulan.com.au

WINTER SCHOOL HOLIDAY WORKSHOPS

To beat the boredom, the Gallery is hosting a series of fun workshops for kids over the Winter School Holidays.

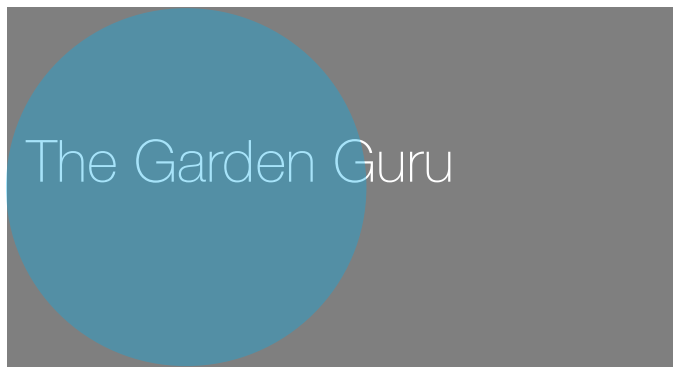

A variety of workshops will be held for primary school aged students and will run from 10 am – 12 noon. Bookings essential.

Workshops are:

- Music and Art with Peter Swain – 8th July
- Discover...Surrealism – 11th July
- Wintry Woollen Wonders – 13th July
- Artist Book Builders – 15th July

\$18.00 per child per workshop

Further information can be obtained from Goulburn Regional Art Gallery on 4823 4494, email: artgallery@goulburn.nsw.gov.au or at www.grag.com.

It is the middle of winter and with it comes the rain and frosty mornings. Now is the time to take cuttings of Fuchias. They grow easily from cuttings. You can cut off a tip of a branch and put in water to root or cut down further just into the woody part, dip the end in honey or rooting compound and place in potting mix. Put the pot in a sheltered, frost free area. My Fuchias have been hit by the frosts but I leave the frosted branches to be trimmed in the spring to grow new strong branches.

Late July or early August is rose pruning time. Clip them back by two thirds to just above a leaf, fertilise and spray. Cut out any dead or damaged wood. Dig up and transplant any roses that are in the wrong place in your garden.

Winter is also a great time to revamp and clean up your garden. Get rid of any trees and bushes that are dead or dying. Paint your fences or refresh paving or decking. Pot up some spring or summer flowering annuals.

Sometimes July weather is great for armchair gardening. It is time to sit down and look at catalogues and gardening books for new ideas and for spring planting.

Happy gardening! Keep warm!

Is there anything better than the waft of freshly made pancakes for brekkie? Or for that matter, brunch, lunch, dinner and dessert? Here's a tried and tested menu that'll make it easy to drag your family from the telly.

Ingredients

2 eggs
2 tbs sugar
Vanilla essence/extract
1 cup yoghurt (any kind)
2 tsp baking powder
4 tbs melted and cooled butter
1 cup plain flour
1 cup chopped strawberries or bananas
Whipped cream for serving

Method

Stir the baking powder into the yoghurt, then pour into bowl. Add eggs, sugar, vanilla and melted butter. Mix the ingredients (just to combine them, don't overmix). Add the flour (just to combine). Finally, stir in the strawberries (or whatever fruit you've decided to use).

Heat a non-stick frying pan. Brush with some butter if needed. Pour part of the batter (it's very thick, you'll need to spoon it and spread it). Cover over medium heat until you see bubbles on the surface. Flip the pancake and cook for another minute or so until browned. Serve with whipcream or yoghurt drizzled with honey.

Mmmmmmmmmmmmm!

Regional News

Goulburn Mulwaree Council

The Hon Angus Taylor MP and Mayor of Goulburn Mulwaree Geoff Kettle today officially opened the new Kippilaw Bridge, Goulburn. Kippilaw Bridge is the first of a number of projects funded under the Federal Government Bridges Renewal Program to be undertaken in the coming years – including Lansdowne Bridge and Komungla Bridge in Goulburn Mulwaree.

To celebrate NAIDOC week the Goulburn Mulwaree Library and Goulburn Regional Art Gallery will be running a range of activities on Friday the 8th of July with a range of activities throughout the day. NAIDOC week aims to increase awareness in the wider community of the status and treatment of Indigenous Australians, and this year takes place from the 3rd – 10th of July. NAIDOC Week is a time to celebrate Aboriginal and Torres Strait Islander history, culture, and achievements, and is an opportunity to recognise the rich contributions that Indigenous Australians make to our country and our society.

The 8th annual Holcim Mayoral Charity Golf Day has been announced for Friday the 25th of November this year. A total of \$14,500 was raised for 2015 and distributed to Rotary Clubs of Goulburn Mulwaree, the Goulburn Loco Roundhouse Preservation Society and the Phoenix Committee of Goulburn. Goulburn Mulwaree Council is currently seeking expressions of interests from local not-for-profits and charitable organisations who wish to become beneficiaries of the day in 2016. We are also seeking a local charitable organisation or group who is interested in organising and running a raffle on the day.

Submissions to become a beneficiary must include information on how your organisation proposes to use any funds received to benefit the Goulburn Mulwaree community. Expressions of interest forms are available from Council's Customer Service Centre or by contacting Debbie McCarthy on 4823 4552 or at debbie.mccarthygoulburn.nsw.gov.au

Council awarded the tender for the design of the Goulburn Performing Arts Centre to Sydney based Brewer Hjorth Architects. This is for the conversion of the historical McDermott Centre built in 1883. When completed this will be one of the most exciting and innovative projects ever undertaken in this city.

The Steampunk Victoriana Fair being held on the 15th October at the Goulburn Historic Waterworks will be attended by Tara Moss who is a cosplay, vintage and Steampunk lover, and have written 11 bestselling books since 1999. She will be making a guest appearance and judging the fashion parade. Tara will be presenting an author talk at the Goulburn Mulwaree Library.

Local Government elections are scheduled for September 10th this year. Local Government NSW will be holding a workshop in conjunction with Goulburn Mulwaree Council for community members who wish to become a Councillor – this will be held at the Council Chambers on Monday the 18th of July at 5:30pm.

Further information can be obtained by visiting www.goulburn.nsw.gov.au or by phoning 4823 4444.

Heritage and Sustainable Parks Project (HASP)

NEWSLETTER 5 July 2016

April May and June have been busy for HASP volunteers.

A small dedicated group came together to prepare and man a stall for Tallong Apple Day so we could share the vision and activities available on the Regional Heritage Trail.

An Expression of Interest for grant funding was prepared and submitted to Restart NSW Resources for Regions Program. We are hopeful that we might get to the second stage and be able to provide detailed information on the construction and outline of the parklands in Marulan.

Congratulations goes to Ben Gordon, the graduate who designed the parkland concept. Ben is currently in the US and has been offered full time employment as a Landscape Architect. It means a loss for us as Ben won't be able to actively assist in the park development in the future but we wish him well.

A presentation has also been made to Council as to the landscape plan for the parklands with a request that Council consider a representative being on the executive committee of HASP once we push ahead with construction. Council have supported this and we welcome Councillor Banfield to the Committee.

As the project continues to take shape and we develop the idea of the Heritage heartlands and regional heritage trail we are investigating the need to incorporate and form an independent not for profit organisation. We will be seeking volunteers over the next couple of months who are willing to become the executive of HASP.

In line with this is the review and design of a new logo.

The logo aims to represent

European and Indigenous Heritage, the Natural environment of this area and Agricultural and Mining Heritage. We hope to bring these aspects together in the Regional heritage trail for people to visit and enjoy in the villages north of Goulburn.

Fundraising is always important to ventures such as HASP and we thank Rosemary Turner for offering to host sheep on our behalf.

Sheep are funded by members and Rosemary manages the ewes and lambs. Wool and / or the sheep are sold with HASP retaining the profit after any costs that Rosemary needs to recover. If you

would like to sponsor a sheep - we can provide a photograph and you can name it. It will set you back \$50. just drop an email to heritageandsustainability@gmail.com and a sheep can be arranged.

If you are keen to know more or be part of this exciting project, drop us a line at heritageandsustainability@gmail.com.

**FOR FURTHER
INFORMATION GO TO
Marulanchamber.org.au**

Boral's Marulan South Operations are pleased to present our regular newsletter for the information of our valued neighbours and wider community.

Toys in quarrying

Have you ever thought about the use of toys in quarrying? Who would have ever thought of using a modified remote control car to do inspections?

One of the Boral quarries north of Sydney are doing exactly that and we are trying it at Peppertree. Using the car, means we limit the need for staff to enter confined spaces to inspect the inside of screens to see how well they are operating. Now the argument is who gets to drive !

With new technology we are also in the process of using drones. After some flying lessons, we utilise the drones to get a high level view of the pit operations, stockpiles and survey data without having to wait for more formal monthly reviews.

Forecasting operations

Forecasting the weather doesn't just let us plan our weekends but also our pit operations at Marulan south. Both sites use a specific forecast tailored to identify when there might be high winds and heavy rainfall.

The forecast provides trigger levels and supporting procedures are in place to make sure the operations can manage the wind and heavy rain. For example in the last east Coast low, pumps were put in place 48 hours before rain was expected to fall and arrangements made with staff and contractors to be available. This meant that the sites were ready for the rain and no severe flooding was experienced. Our next step is to have messages sent to phones to alert us when things are going to happen.

Peppertree Phase 2

The end of June sees the completion of the removal of overburden on the current working area of the pit at Peppertree.

This is the material that sits above the rock and has to be removed and stored before quarrying can occur. The completion of this work sees the pit move into phase 2 going another 15 metres deeper to a new level and the extensions and relocation of the in pit conveyors.

Project Success

The Boral Concrete NSW team has successfully secured the supply contract for 500,000 cubic metres of concrete to the NorthConnex motorway in western Sydney.

The project comprises nine kilometres of tunnels and will ease Sydney's traffic congestion, bypassing 21 sets of traffic lights. It is expected to be completed in mid-2019, and aggregates for the concrete will be provided by Peppertree.

CVA

Conservation Volunteers Australia in conjunction with Boral has recently undertaken work in the southern highlands.

As part of the Connected Communities program, planning is underway to assist in rehabilitation works in Tallong in association with the Memorial park, and if possible with the involvement of the school.

Like to know more? Call us on 02 4841 1701 (Quarry) or 02 4820 3003 (Limestone). Or visit www.boral.com.au/marulan.

July is ...
National Desexing
Month

**To celebrate National Desexing Month we are offering
20% off all desexing procedures for the month of July!**

It is very important to desex your Dogs and Cats!

At Marulan Veterinary Hospital we recommend that non-breeding dogs and cats are desexed at approximately 6 months of age.

Not only does desexing our pets eliminate the risk of unwanted pregnancies, it also reduces the risk of developing a number of potentially life-threatening conditions. These include mammary or ovarian cancers and uterine infections (pyometra) in females (studies have shown that 70% of intact female dogs will develop mammary cancer), and testicular tumors and prostatic enlargement, infection and inflammatory problems in males. Desexing also helps to reduce behavioural problems such as roaming, aggression, inappropriate mounting behaviours and urine marking in males. In females it will reduce mating behaviours and false pregnancies.

***If you are not planning to breed from your pets then you can help
them to live a longer, happier and healthier life by having them
desexed!***

The RSPCA is offering desexing vouchers – if you are interested in applying for a voucher please call 0419 014 467 to make an enquiry.

*We thoroughly recommend that you desex your dogs and cats and this is a
great opportunity to take advantage of our greatly reduced prices!*

**Please call us at Marulan Veterinary Hospital on 4841 1838 for more information or to
book an appointment.**

The Travelling Gourmet

We have learnt our lesson. The challenge of a touch screen to order your own hamburger from the Golden Arches had traumatised us.

Give us a waiter with a pen and paper whom after we have viewed a menu writes down our request and takes it to the kitchen. Better still I like menus with numbers, little chance of a mix up. The responsibility resting firmly on my shoulders when I state I want number 5 with a side of number 9. The chances of me getting what I wanted expeditiously increase without human interference or interpretation. I have clearly stated 5 and 9 and would expect to be delivered exactly that. Unless of course the waiter or the cook is not numeric, then we may have a problem.

But there is another bothering trend, which is being spread amongst restaurants and cafes. The use of terms which are made whether intentionally or not confusing. Terms such as deconstructed, which if it's a deconstructed hamburger means the ingredients of a burger are spread across the plate ie deconstructed. So if you want a burger, it's up to you to reconstruct the ingredients into something that looks like the burger you originally wanted. But this conspiracy to confuse the diner is a wider problem than flowers in your salad. The problem is interpreting what you are ordering.

Roux, ganache, crumbled pancetta, celery froth, infused everything, quinoa salad, buckwheat bread, jobo berry chutney, and the list goes on, that's before you reach the burger meat. It could be saltbush lamb, organic beef, Wagyu beef massaged every two weeks to tenderize the meat. Then there's dry hung, aged, grass fed, grain fed, marbled, home butchered organic, all this to describe the meat pattie on your hamburger.

We were so traumatised from our last outing we have not ventured out and not been in the mood to wade through all the terms. Not wanting to disappoint our many many readers, this week we made our own burgers at home. This entails exposing a recipe that has been in our family for generations, a bit like the finger licking good herbs and spices recipe. Passed down, never to be revealed of course, I have never been one to be able to keep a secret so here we go.....

From my local butcher 500 grams of beef mince, one sausage, one brown onion and one egg. Dice onions, skin sausage, place in bowl with mince and crack the egg into the meat mix. With hands very sensual and therapeutically form the meat mixture into patties of desired size. In a pan on moderate heat, add olive oil and slip in your patties to fry.

While the patties are cooking prepare the buns to your tasting. Some like beetroot, some like pickles, some mustard. Mine was traditional; lettuce, tomatoe, beetroot and then you slip on the golden brown pattie smothered in BBQ sauce. It would be unfair to mark my own burger but let me say it was heaven. Juices ran down my chin as I munched into it.

Maybe next time we will venture out to another unsuspecting town and try our luck.

Until the next issue of the Discover Marulan Newsletter...The Travelling Gourmet.

Buy Local

The Marulan Region Chamber of Commerce Inc encourages people to support local businesses. We have a great village with great services and terrific local businesses with more yet to come. You'll find the prices at our local businesses are comparable to those in the big towns and cities. Not only that, you'll also be helping sustain our local economy. To find out more about our *Buy Local initiative*, visit the Chamber's website at marulanchamber.org.au
